

Downloading Your Data from Klipfolio

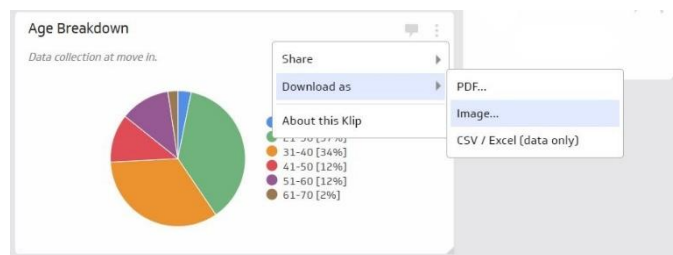

There are currently three ways to download your data from Klipfolio:

1. Download the individual graphics as images
2. Download the entire dashboard as a PDF
3. Download all raw data in an excel sheet

Download Individual Graphics as Images

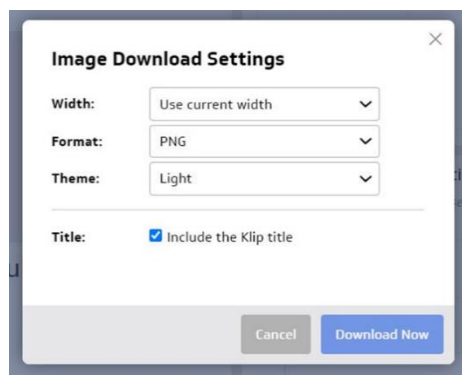

Step 1—

- Each Klip has three small vertical dots in the top right-hand corner
- Click those dots to get the menu and hover over **Download as**
- Click **Image**

Step 2—

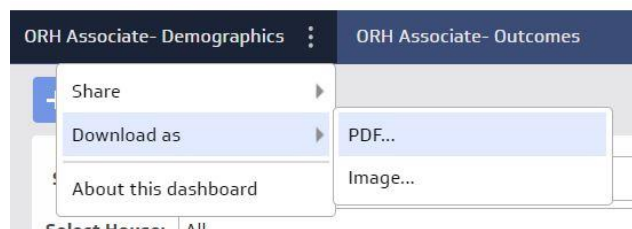

- The **Image Download Settings** window will appear
- The only item you will need to change is **Format**
- The **Format** drop down menu will let you choose which image file you want: **PNG** or **JPG**

Download Dashboard as PDF

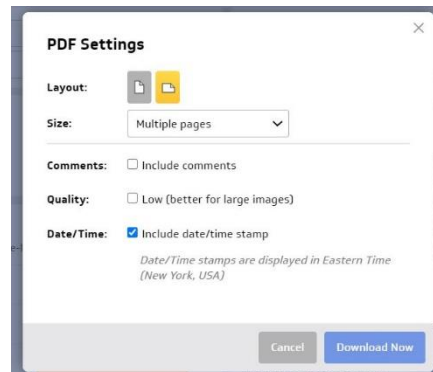

Step 1—

- At the top of the page on the blue menu bar, select the three dots next to the dashboard you wish to download
- A dropdown menu will appear where you will select **Download as** and then **PDF**

Step 2—

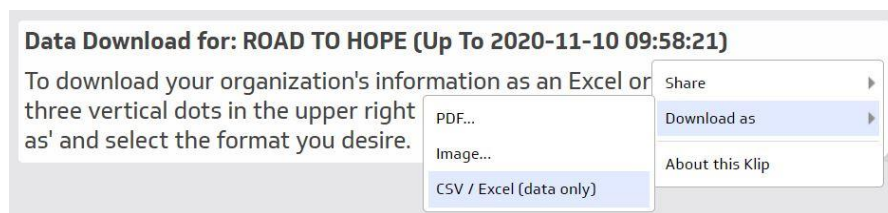

- The **PDF Settings** window will appear on your screen
- For the best outcome, select the **horizontal layout** and the **Multiple pages** option from the **Size** dropdown menu
- If you would like, you can select **Date/Time** from the options listed at the bottom of the window
- Note: To download all the data from your dashboard as a PDF, you will need to follow steps 1 and 2 for the **Demographics** tab and **Outcomes** tab separately to produce two different PDFs

Download All Raw Data

Step 1—

- Click on the **Outcomes** dashboard tab at the top of your screen in the blue menu bar and scroll to the bottom right-hand corner of the dashboard
- Click the three vertical dots on the upper right-hand corner of the Klip
- Choose **Download as** and then **CSV/ Excel; (data only)**
